

GANESH KUMAR M

Full Stack Java Developer | AWS & Healthcare Integrations

+91 7000118008 | mganeshkumar029@gmail.com | Nagercoil, Kanyakumari, India | [LinkedIn](#)

SUMMARY

Full Stack Developer with 1+ years of experience building scalable web applications and healthcare EHR integrations using Java, Spring Boot, Angular, Node.js, REST APIs, and AWS. Skilled in designing end-to-end EHR integrations using OAuth, FHIR, webhooks, and n8n to connect healthcare systems and automate data workflows. Hands-on with Docker, Pulumi (IaC), Bitbucket CI/CD pipelines, and API integration — building backend services, responsive frontends, and production-ready system integrations.

SKILLS

Languages & Frameworks: Java, TypeScript, JavaScript, Angular, Spring Boot, Node.js

Cloud & DevOps: AWS (Server & Serverless), Pulumi (IaC), Bitbucket Pipelines, CI/CD, Docker

Testing & Methodology: JUnit, Jest, Mockito & Agile/Scrum

Integrations & Healthcare: OAuth2, SOAP, REST APIs, FHIR, PDF Generation, n8n, Webhooks, EHR Systems (Athena, Dr.Chrono)

Databases & Tools: Postgres, Git, Bitbucket, VS Code, Eclipse, Postman

Soft Skills: Clear communication, Team collaboration, Problem solving, Adaptability, Analytical thinking

AI Development Tools: Claude Code, Claude Mem, Graphify, Headroom, Opencode, Codex

Languages Spoken: English, Hindi, Tamil

EXPERIENCE

Full Stack Developer | Troniqs Rationale (Nagercoil, India - Jan 2026 – Present)

PROFESSIONAL PROJECTS: VitaTraq, IMH HUB, BrainCheck

- **VitaTraq:** Developed and debugged features across a **Remote Patient Monitoring (RPM)** platform using GraphQL, AWS Cognito and resolved critical real-time synchronization, authentication and PDF rendering issues.

- Investigated and resolved critical cross-platform issues involving **RPM timer synchronization, ObjectBox/Keychain failures, PDF rendering, predictive-back navigation, document caching.**

- **IMH HUB:** Contributed to a **13-repository healthcare EHR integration platform** comprising reusable EHR connectors, HL7 messaging services, case management, notifications, interview services and clinical workflow automation.

- Rolled out an internal **Agent Development Harness** across 13 repositories to enforce AI-code quality controls including **mutation testing, automated quality gates, architectural decision tracking, configuration drift protection, CI validation, and security checks.**

- **BrainCheck:** Contributed to a **Healthcare integration hub** connecting BrainCheck cognitive assessments with hospital and clinical **EHR systems**, including **eClinicalWorks, NextGen, Veradigm/Allscripts Pro, and DrChrono.**

- Mapped BrainCheck-to-EHR integration workflows and APIs, identifying the data synchronization points needed for cross-platform patient record consistency.

Full Stack Developer (Intern) | Ebullient Info Systems (Chennai, India - Aug 2025 – Jan 2026)

- Led development of student and administration features for a university management web application using Angular.
- Integrated REST APIs with frontend components and collaborated on MySQL database design for academic workflows.

Electrical Engineer | Apollo Tyres Ltd. (Tada, India - Jul 2021 – Sep 2022)

- Maintained and repaired electrical systems and production machinery, supporting troubleshooting of control panels to minimize downtime.

PROJECTS

Commercial Business Website — Designed and developed a visually appealing and responsive website for a **Mehandi Artist**, showcasing mehandi designs, services, portfolio, and booking information. The website provides an elegant user experience with a clean layout, engaging visuals, and easy navigation to help potential clients explore services and make inquiries.

Ashx Global Network — Designed and developed a professional corporate website for **ASHX Global Network**, showcasing its services, business offerings, and company information through a modern, responsive, and user-friendly interface. The website focuses on clear content presentation, professional branding, intuitive navigation, and responsive performance across devices.

Domain: www.ashxglobalnetwork.com

EDUCATION

Bachelor of Engineering in Electrical and Electronics — Amrita College of Engineering and Technology | CGPA: 7.6 | 2022 – 2025

Diploma in Electrical and Electronics — Amrita Polytechnic College | 94% | 2021
